AFTER

IMAGE PROMPT

Transform this photo into a high-quality 3D cartoon character with exaggerated facial proportions. Make the head slightly larger than realistic, eyes oversized and highly expressive, with detailed reflections. Keep facial features recognizable to the original person. Use smooth yet realistic skin texture with visible pores and subtle imperfections. Add cinematic studio lighting with strong contrast and soft rim light. Apply a premium sports advertisement look.

Background should be dark, softly blurred, and minimal. Render in a modern hyper-realistic 3D style High sharpness, clean details, dramatic mood, professional poster quality. keep the reference image details dont change face, full size in 4:5 ratio
